HCS Title IV Annual Review Process

Hillman Community Schools is committed to enhancing student achievement through effective programs and services funded by Title IV, Part A. While specific details of the district's annual evaluation plan for these activities are not publicly available, the district employs several strategies to assess the effectiveness and impact of its programs on student outcomes:

1. **Annual Satisfaction Surveys:** The district conducts yearly satisfaction surveys targeting parents, students, and teachers. These surveys gather feedback on various aspects of the educational experience, including the effectiveness of instructional strategies and programs. The insights gained help inform decisions aimed at improving student achievement.
2. **Strategic Planning with Stakeholder Input:** Hillman Community Schools actively involves stakeholders in the development of its strategic plan. By seeking input from parents, educators, and community members, the district ensures that programs and services align with the community's educational goals and priorities, thereby supporting student achievement.
3. **Alignment with State and Federal Guidelines:** The district adheres to state and federal guidelines for Title IV, Part A funding, which emphasize the importance of supporting student achievement. By following these guidelines, the district ensures that its programs and services are designed to effectively support students and improve outcomes.
